

# TRESOR DE LA RIVIERE

COTES  
DU  
RHONE

Tresor de la Riviere is a call back to the 1st Century when Romans used special riverboats to transport Cotes du Rhone from the city of Vienne. These boats, like the one on the label, carried the treasures of the Rhone Valley to other parts of the Roman Empire.

Classic blend of Grenache, Syrah, and Carignan.

RHONE VALLEY, FRANCE
