## ABOUT G.H. von MUMM

The estate G.H. von Mumm has committed itself to the cultivation of traditional grape varieties and the production of high-quality, authentic, individualistic wines with regional character.

The estate's vineyard area comprises 65 hectares (161 acres) in 16 individual sites in the villages of Assmannshausen, Rüdesheim, Geisenheim, Johannisberg and Winkel.

### ■ G.H. VON MUMM 50° RIESLING TROCKEN- RHEINGAU, GERMANY

G.H. von Mumm pays homage to the 50th Parallel North Superb Riesling cuvée created to celebrate the Rheingau – a unique region. The Rheingau and its incomparably beautiful setting are a feast for the eyes – and a paradise for the Riesling grape. Conditions here are optimal for enabling this most noble of all grape varieties to truly develop its potential: south-facing slopes that are protected from cold, northerly winds by the Taunus Hills; the influence of the mild Gulf Stream; the Rhine, which is at once a source of moisture and a heat reservoir; and a favourable soil composed of Taunus quartzite beneath a layer of loam-loess. All of these components fulfill the prerequisites needed to produce top-quality Riesling wines. The 50th degree of latitude runs right through the middle of this unique region, marking one of the northernmost borders of viable viticulture. In honour of this, the G.H. von Mumm wine estate has created a Riesling cuvée that embodies what one expects of a Rheingau Riesling: 50° Riesling.
